Society of Pediatric Nurses
20th Annual Convention

Pediatric Nursing:
Exploring the Next Decade

April 29–May 2, 2010
Preconvention Workshops: April 28–29, 2010

Hilton in the Walt Disney World® Resort
The goals of the 2010 Convention are to . . .

✦ Foster an environment that enhances personal and professional growth
✦ Promote the dissemination of nursing research related to pediatric nursing
✦ Provide educational sessions to enhance and advance the practitioner’s knowledge and skills related to pediatric nursing

Networking
Among the many benefits of attending the SPN Convention are the relationships you develop with colleagues through networking. Tangible networking benefits include validation of your experiences in providing pediatric nursing care, discovering that others are dealing with similar circumstances, solving the same problems, and confronting the same issues. Discuss national issues and trends in pediatric nursing in educational sessions with colleagues from all over the country and compare pediatric nursing practice in a variety of settings. You may improve your own practice or help others improve theirs.

Lifestyle Exhibits
These exhibits are focused on the “lifestyle” of the convention participants and provide a unique opportunity for participants to purchase items for themselves, family, and friends during the convention without having to take time away from the educational programs. These exhibits may include jewelry, clothing, home décor, and more.

Message Board
SPN will have a message board to facilitate networking. Bring your questions and ideas to post for response by your colleagues. If you have a special interest, arrange to meet others with that same interest. Participants are encouraged to post job listings on the message board.

Exhibits
Representatives from a variety of companies will be on hand to answer your questions and demonstrate their products. You will learn about the latest products and services for pediatric nurses, and your practice will benefit from having a productive relationship with industry representatives who can keep you informed of developments in technology, pharmaceuticals, software, publications, and other products and services for pediatric nurses.

Contact Hour Breakdown
An application has been submitted to the Georgia Nurses Association for approval of 24.0 contact hours.

Please call Leslie Long, 850-494-9467, at the Society of Pediatric Nurses National Office for more information.

Thursday Workshops............... 6.7  Friday.....................7.0  Saturday ...............6.7  Sunday.................3.6

Maximum Total .............. 24.0
Program at a Glance

Tuesday, April 27, 2010
8:00 a.m. – 5:00 p.m. .................................. Board Meeting

Wednesday, April 28, 2010
7:00 a.m. – 5:00 p.m. .................................. Registration
8:00 a.m. – 5:00 p.m. .................................. Board Meeting
8:00 a.m. – 5:00 p.m. .................. Preconvention: Certification Preparation Course Day 1 (of 2 days)

Thursday, April 29, 2010
7:00 a.m. – 5:00 p.m. .................................. Registration
8:00 a.m. – 5:00 p.m. .................. Preconvention: Certification Preparation Course Day 2 (of 2 days)
8:00 a.m. – 5:00 p.m. ................. Workshop 1
"Someday My Evidence Will Come": Research and EBP for Practice Change
5:00 p.m. – 5:30 p.m. ................. Moderator Meeting
5:00 p.m. – 6:00 p.m. .............. Poster Session 1 (viewing)
5:30 p.m. – 6:00 p.m. .............. New Participant Orientation
6:00 p.m. – 8:00 p.m. ............... Grand Opening of Exhibits Opening Reception

Friday, April 30, 2010
7:00 a.m. – 5:00 p.m. .................................. Registration
7:00 a.m. – 8:00 a.m. ................... Continental Breakfast Chapter Presidents’ Breakfast
8:00 a.m. – 8:15 a.m. .................... President’s Welcome
8:15 a.m. – 9:15 a.m. .................... Opening Session
Parent Leadership, The Civic Healer
Elaine Zimmerman, LCSW
9:00 a.m. – 5:00 p.m. ................. Lifestyle Exhibits Open
9:15 a.m. – 10:15 a.m. ............... Keynote Address
How Nurses Can Work With Families to Provide Quality Care for Children With Chronic Conditions
Joan Austin, DNS, RN, FAAN
10:00 a.m. – 3:00 p.m. ............... Exhibit Hall Open
10:15 a.m. – 11:15 a.m. ................ Break With Exhibitors
10:15 a.m. – 11:15 a.m. ............... Poster Session 1 (staffed)
11:15 a.m. – 12:15 p.m. ............... General Session 1
Key Strategies for Assessing and Managing Common Mental Health Problems in Children and Teens
Bernadette Mazurek Melnyk, PhD, RN, CPNP, PMHNP, FNAP, FAAN
12:15 p.m. – 1:45 p.m. ................... Lunch With Exhibitors
1:45 p.m. – 2:45 p.m. ....................... General Session 2
Meeting the Mental Health Needs of Adolescents: 21st Century Evaluation
Bonnie Gance-Cleveland, PhD, RNC, PNP, FAAN
3:00 p.m. – 4:00 p.m. ................. Interactive Sessions
4:00 p.m. – 5:00 p.m. ................. Poster Session 2 (viewing)
4:00 p.m. – 5:00 p.m. ................. Committee Meetings

Saturday, May 1, 2010
6:00 a.m. – 7:00 a.m. ......................... Fun Run
7:00 a.m. – 5:00 p.m. .................................. Registration
8:00 a.m. – 9:00 a.m. ....................... Meeting of the Membership
8:00 a.m. – 4:30 p.m. .................... Lifestyle Exhibits Open
9:10 a.m. – 10:10 a.m. ..................... Concurrent Session 1
10:10 a.m. – 11:10 a.m. ............... Poster Session 2 (staffed)
11:10 a.m. – 12:10 p.m. ................ Concurrent Session 2
12:15 p.m. – 1:45 p.m. ....................... Awards Luncheon
2:00 p.m. – 3:00 p.m. ....................... Concurrent Session 3
2:00 p.m. – 5:00 p.m. ................... One-on-One Publication Sessions
Cecily Betz, PhD, RN, FAAN; Angela Green, PhD, APN
Barbara Velsor-Friedrich, PhD, RN
No contact hours are provided.
2:00 p.m. – 5:00 p.m. ................... One-on-One Research Sessions
Joan Austin, DNS, RN, FAAN
No contact hours are provided.
3:15 p.m. – 4:15 p.m. ....................... Concurrent Session 4
4:15 p.m. – 4:30 p.m. ....................... Break
4:30 p.m. – 5:30 p.m. ....................... Concurrent Session 5
5:00 p.m. – 7:00 p.m. .................... JPN Editorial Board
7:00 p.m. ......................... Activity or Reception

Sunday, May 2, 2010
7:30 a.m. – 9:00 a.m. ......................... Registration
8:30 a.m. – 10:00 a.m. .................. Breakfast Symposium
Food as a Social Determinant of Well-Being
Gail C. Christopher, DN
10:15 a.m. – 11:15 a.m. ..................... General Session 3
Work and Life’s Balancing Act
Jackie Gaines, MSN, RN
11:30 a.m. – 12:30 p.m. ................... Closing Session
I’m Not Lost. I’m Exploring: An Adventurer’s Guide to Change
Jana Stanfield, CLL
1:00 p.m. – 5:00 p.m. ....................... CPN Exam
Elaine Zimmerman, LCSW ................................. Opening Session

As executive director of the Connecticut Commission on Children, Ms. Zimmerman reviews children’s policy and reports to the executive, legislative, and judicial branches of state government with recommendations for children’s legislation. She is recognized for her policy acumen and commitment to community capacity.

Some of Ms. Zimmerman’s notable contributions are that she consulted with the speaker of the House of Representatives on Connecticut’s preschool legislation. She co-designed Connecticut’s School Readiness Campaign which has become a state model of policy and public education for young children. She also served as chief consultant to the Early Reading Success legislation and guided legislation that established Connecticut’s Blueprint in Reading.

Ms. Zimmerman is the author of several articles on family and work, child development, parent leadership, and community building. Most recently she wrote a report on children and terrorism. She is a published poet, essayist, and political analyst.

Joan Austin, DNS, RN, FAAN ................................. Keynote Session

Dr. Austin is Distinguished Professor Emerita at Indiana University School of Nursing. She is the first nurse to serve as the president of the American Epilepsy Society. Dr. Austin is a leading expert on family adaptation to childhood epilepsy, and her work has been published in Nursing Research, Pediatrics, and Journal of Epilepsy.

Jana Stanfield, CLL ................................. Closing Session

Ms. Stanfield is an internationally recognized, award-winning recording artist, transformational speaker, humorist, and multiplatinum songwriter. She has shared stages with notables ranging from Kenny Loggins and the Dixie Chicks to Lily Tomlin and Deepak Chopra. Ms. Stanfield’s music has been described as “Heavy MeNtal” or “psychotherapy you can dance to.” Her songs raise money for many charitable organizations, including the Muscular Dystrophy Association and St. Jude Children’s Hospital.

Join SPN as we celebrate our 20th Anniversary!
SPN will have special anniversary giveaways for all participants throughout the week!
**Certification Preparation Review Course**

(2-Day Course)

Wednesday, April 28............... 8:00 a.m. – 5:00 p.m.
Thursday, April 29................. 8:00 a.m. – 5:00 p.m.

Becoming a certified pediatric nurse (CPN) is a mark of professional accomplishment. Whether your intent is to enhance your career mobility, obtain financial compensation, or attain a sense of professional achievement, this course will help prepare you to take the CPN Exam. The course will include test-taking strategies for success and a thorough pediatric nursing content review based on the CPN Exam content outline published by the Pediatric Nursing Certification Board (PNCB) and the *Pediatric Nursing Certification Review* text by Selekman and Jakubik (Revised 2008). The faculty instructors will guide you through the CPN Exam review and preparation process and will provide practical tips for studying and test-taking success. The use of CPN Exam-style practice questions will promote application of content to the exam situation and will build participants’ test-taking confidence. This course is intended for pediatric nurses with at least two years of pediatric nursing experience.

NOTE: The *Pediatric Nursing Certification Review* book is available for sale. This book is designed to be a key resource as you prepare to take a pediatric nursing certification examination. The text provides an overview of pediatric nursing content for the pediatric nurse with a minimum of two years of full-time experience in pediatric nursing, or the equivalent within the past three to four years, depending on the examination requirements. Member price: $35.00, Non-Member price: $45.00. This book can be ordered online at http://www.pedsnurses.org

Faculty: Louise D. Jakubik, DNSc, CRNP, APRN-BC; Janice Selekman, DNSc, RN

**Note:** The CPN Exam application and fees are separate from the review course. Visit www.pncb.org to apply.

---

**Workshop 1**

**Thursday, April 29................. 8:00 a.m. – 5:00 p.m.**

*Pediatric Nurses Address Children and the Economy*

Shirley Girouard, PhD, RN, FAAN
Kathy Van Allen, MSN, RN
Diane Welsh, DNpc, APRN
Yvonne Sterling, PhD, RN
Niki Fogg, MS, RN, CPN
Corine Carlson, MS, RN

Objectives: Describe the impact of poverty on children and families. Describe the impact of the economy on institutions and society. Analyze nursing interventions to address children. Identify three short- and long-term strategies to implement individually or by groups.

---

**Workshop 2**

**Thursday, April 29............... 8:00 a.m. – 5:00 p.m.**

*“Someday My Evidence Will Come”: Research and EBP for Practice Change*

Roxie Foster, PhD, RN, FAAN
Bonnie Gance-Cleveland, PhD, RNC, PNP, FAAN
Angela Green, PhD, APN
Patricia Messmer, PhD, RN-BC, FAAN
Michele Mendes, PhD, RN, CPN
Andrea Smith, PhD, RN, CPNP
Valerie Boebel Toly, PhD, RN, CPNP
Marnita Wade, BS, RNC

This interactive workshop for novice and intermediate nurses will focus on helping develop ideas for conducting research and using evidence-based practice to improve patient outcomes. The workshop will focus on developing research and evidence-based practice questions, evaluating the research literature, and identifying support resources. Participants will have an opportunity to work in small groups to apply the content to develop their ideas for research and evidence-based practice projects.

**Note:** Registration for this workshop is on a first-come first-served basis and is limited to 50.
**Opening Session**
Friday, April 30 ................................. 8:15 a.m. – 9:15 a.m.
- **Parent Leadership, The Civic Healer**
  Elaine Zimmerman, LCSW
  Objectives: List the research on parent leadership outcomes for children. Learn how to bring parents in as partners through ten action steps.

**Keynote Address**
Friday, April 30 ............................... 9:15 a.m. – 10:15 a.m.
- **How Nurses Can Work With Families to Provide Quality Care for Children With Chronic Conditions**
  Joan Austin, DNS, RN, FAAN
  Objectives: List three psychosocial care needs of parents of children with epilepsy. Describe a strategy for addressing one parent’s psychosocial care needs.

**General Session 1**
Friday, April 30 ............................. 11:15 a.m. – 12:15 p.m.
- **Key Strategies for Assessing and Managing Common Mental Health Problems in Children and Teens**
  Bernadette Mazurek Melnyk, PhD, RN, CPNP, PMPHNP, FNAP, FAAN
  Objectives: Discuss risk and protective factors for mental health disorders in children and teens. Describe common screening tools and assessment strategies. Discuss the general approach to evidence-based management of mental health disorders in children and teens.

**General Session 2**
Friday, April 30 ................................. 1:45 p.m. – 2:45 p.m.
- **Meeting the Mental Health Needs of Adolescents: 21st Century Evaluation**
  Bonnie Gance-Cleveland, PhD, RNC, PNP, FAAN
  Objectives: Determine the mental health needs of adolescents. Discuss the components of school-based interventions for adolescents with substance abusing parents and use of technology to evaluate the intervention.

**Interactive Sessions**
Friday, April 30 ................................. 3:00 p.m. – 4:00 p.m.
  A. **Leading in Lean Times**
     Tangula Taylor, MBA, BSN, RN, CNE-BC
     Objectives: Provide session attendees the opportunities to interact with each other. Discuss leadership strategies that allow them to be successful in “lean” times.

**B. Poster Symposium**
  Coordinator: Julia Snethen, PhD, RN
  - **Primary Care Coordination for Children With Special Needs**
    Mary Navin, MSN, RN, NE-BC
  - **Breathe With Ease: An Interdisciplinary Approach to Empower Families to Take Control**
    Soraya Dix, BSN, RN, CPN
    Lynette Juluke, MSN, RN, CPN
    Wayne Neal, RN-BC, MAT
  - **A New Nursing Role: Facilitating a Multidisciplinary Partnership With Medically Complex Children**
    Ashley Breaux, BSN, RN
  Objectives: Identify research priorities for pediatric nursing research. Develop a research agenda for SPN. Discuss strategies to apply the SPN research agenda.

**C. Pediatric Nursing: Envisioning the Future**
  - **Angela Green, PhD, APN**
  - **Bonnie Gance-Cleveland, PhD, RNC, PNP, FAAN**
  - **Andrea Smith, PhD, RN, CPNP**
  Objectives: Identify research priorities for pediatric nursing research. Develop a research agenda for SPN. Discuss strategies to apply the SPN research agenda.

**D. Monitoring and Assessing Pediatric Patients**
  LaDonna Northington, DNS, RN-BC
  Objectives: Discuss three assessment findings that warrant nursing and/or medical intervention. Discuss the use of a pulse oximeter as a monitoring tool. Discuss the nursing responsibilities in keeping current in pediatric assessment.

**E. Magic of Experiential Learnings**
  Sharon Sarvey, PhD, RN
  Carol Behar, MSN, RN
  Objectives: Discuss methods of clinical site acquisition and development. Consider various alternative site acquisition and development. Explore electronic alternatives to traditional clinical experiences.

**F. Hot Topics**
  - **Vicky R. Bowden, DNSc, RN**
  - **Marion Broome, PhD, RN, FAAN**
  - **Linda Lewandowski, PhD, RN**
  - **Margaret Miles, PhD, RN**
  - **Sandra Mott, PhD, RN-BC, CPN**
  - **Mary Perkins, DNSc, RN**
  Objectives: Discuss current methods of implementing/evaluating practice changes with regard to safety. List topics related to IV/medication safety for the SPN Clinical Practice Committee to investigate.

**G. Monitoring/Safety Concerns on Pediatric Units Related to IVs and Medications**
  - **Cherie McCann, MSN, RN-BC, CPN**
  - **Anne Longo, MBA, RN-BC**
  Objectives: Review the top three issues related to IVs. Discuss current methods of implementing/evaluating practice changes with regard to safety. List topics related to IV/medication safety for the SPN Clinical Practice Committee to investigate.
Concurrent Session 1
Saturday, May 1 ......................... 9:10 a.m. – 10:10 a.m.

A. Enhancing Family-Centered Care Through Parent Involvement in Shift Report
   Jamie Bankston, MS, RN
   Objectives: Describe an evidence-based practice project that enhances family and staff satisfaction through the implementation of family involvement in shift report. Appraise the use of a standardized approach to hand-off communication and family involvement in shift report as methods to promote family involvement in the plan of care and improve satisfaction scores.

B. The Case for a Pediatric Palliative Care Nurse
   Elizabeth Voyles, RN, CPN
   Objectives: Identify the steps taken to develop a pediatric palliative care nurse position. Describe how a palliative care program affects staff and families.

C. Looking for a Clinical Practice Model? Try This One!
   Linda Wofford, DNP, RN, CPNP
   Objectives: Identify the benefit of having a clinical practice model. Recognize the power of employing a clinical practice model. Apply a clinical practice model to various practice settings.

D. Generational Differences in the Workplace: Solving Conflict and Creating an Inclusive Pediatric Nursing Environment
   Jennifer Stephen, MSN, RN, CPN
   Objectives: Define four generations and their time periods. Assess the generational personalities and behaviors as they relate to the workplace. Apply knowledge of generational differences to workplace conflict.

E. Research
   1. Family Function in Families of Children Who Are Technology Dependent
      Valerie Boebel Toly, PhD, RN, CPNP
      Objectives: Discuss the effects that children who are technology dependent and living at home have upon the functioning of their families. Describe characteristics of families with children who are technology dependent at greatest risk for dysfunction and clinical implications.
   2. It Has Its Ups and Downs: Adolescent’s Quality of Life After Heart Transplant
      Amy Huett, BSN, RN
      Objectives: Describe the adolescent’s quality of life after heart transplant. Discuss implications for practice and future research.
   3. Improving Pain Management for Children With Cognitive Impairment: A Nurse-Parent Partnership
      Elizabeth Ely, PhD, RN
      Mei Lin Chen-Lim, BSN, RN, CCRC
      Objectives: Identify strategies to improve pain management for children who are cognitively impaired. Describe the reliability, validity, and clinical utility of the behavioral pain assessment tools for children who are cognitively impaired.

Concurrent Session 2
Saturday, May 1 ......................... 11:10 a.m. – 12:10 p.m.

A. The Cost of Chronicity for Parents and Siblings
   Jayne Kendle, MSN, RN
   Objectives: Describe how the lives of family members (mother, father, siblings, extended family) are affected by living with a medically fragile child. Recommend interventions to enhance the quality of life of parents and siblings living with a medically fragile child.

B. Combating the Effects of Domestic Violence on Children—Locally and Globally
   Betsy McDowell, PhD, RN, CCRN, CNE
   Objectives: Delineate the effects of domestic violence on children from a holistic perspective. Identify at least two strategies for combating the effects of domestic violence on children that the learner can incorporate into his/her personal nursing practice. Discuss at least two strategies for addressing the problem of domestic violence in the larger community.

C. Riding the Waves: Attaining, Maintaining and Retaining ANCC Magnet Designation
   Patricia Messmer, PhD, RN-BC, FAAN
   Objectives: Describe the historical evolution of the ANCC Magnet Standards of Criteria. Discuss the five new components of the Magnet model.

D. Pediatric Nursing: Exploring the Next Decade of Medication Calculation Safety
   Nellie G. Bess, Med, BSN, RN-BC
   Teresa Couch, MSN, Med, RN
   Carol Shaw, MSN, RN
   Objectives: Identify the impact of medication errors on patient safety. Discuss the use of improvement science methodologies when testing changes in practice. Discuss the advantages of various teaching methods on medication administration skills.

E. Research
   1. Does the Use of an Assistive Device Increase Peripheral Intravenous Catheter Insertion Success in Infants and Children?
      Kimberly A. Peterson, MSN, APRN, PCNS, BC, CNP
      Amy L. Phillips, MSN, APRN-CNS, CCRC
      Objectives: Interpret the research findings of peripheral intravenous catheter insertion success with assisted and unassisted methods. Recognize the implications for the nursing practice of peripheral intravenous catheter insertions and the use of assistive devices.
Educational Sessions

2. The SIPS Study: Skin Injury Prevalence Survey  
   Judith J. Stellar, MSN, CRNP  
   Objective: Describe one institution’s approach to obtain baseline prevalence rates of skin injury in hospitalized patients.

3. An Investigative Study of Nursing Staff Satisfaction at St. Joseph’s Children’s Hospital in Tampa, Florida  
   Christine Ingram, BSN, RN, CPN  
   Sarah Perron, MSN, RN, CMSRN  
   Objectives: Describe the McCloskey Mueller Satisfaction Scale (MMSS). Identify variation in results based on generational differences.

Awards Luncheon  
Saturday, May 1 ......................... 12:15 p.m. – 1:45 p.m.

Concurrent Session 3  
Saturday, May 1 ......................... 2:00 p.m. – 3:00 p.m.

A. Family Support: Creating Community-Based Health Program  
   Julia Snethen, PhD, RN  
   Objectives: Identify the components of a community-based health program. Explore ways to set up a community-based health program, incorporating interdisciplinary partnerships. Discuss some of the “pitfalls” in a community-based health program.

B. Caring for the Patient and Family With Type 1 Diabetes  
   Anh Mac, BSN, RN  
   Rhonda Wolfe, MBA, RN  
   Objectives: Identify basic signs, symptoms, and markers confirming the diagnosis of type 1 diabetes. Describe an organizational approach to implementation and an interdisciplinary approach to management of patients with new onset diabetes. Identify successes and challenges to implementation of new management programs. State patient outcomes associated with new management program implementation.

C. Unexpected Outcomes of a Successful Rapid Response System  
   Jennifer McElroy, BSN, RN, CPN  
   Linda Bryant-Hampton, MSN, RN, CPN  
   Objectives: Summarize the outcomes of implementation of the pediatric rapid response system. List unexpected outcomes of the successful pediatric rapid response system. Discuss strategies used to improve nurses’ comfort level during emergency situations.

D. TeamSTEPPS, A Step Toward SAFETY: Strategies and Tools to Enhance Team Building and Patient Safety  
   Christy Petyak, BSN, RN, CPN  
   Kellie M. Forbes, BSN, RN, CPN  
   Objectives: Describe three reasons why errors occur. Examine the affect of errors in the healthcare profession. Discuss the TeamSTEPPS framework. Identify the aspects of team training, coaching, and sustainment of teamwork behaviors.

E. Research

1. Central Venous Catheter Dress Rehearsal: Every Line Counts! Outcomes of a Unique Approach to Education  
   Ann Marie Monachino, MSN, RN, CPN  
   Amy K. Scholtz, MSN, RN, WHNP-BC  
   Objectives: Describe the Central Venous Catheter Dress Rehearsal Program. Apply educational approach to other realms of nursing practice.

2. Parental Involvement With Adolescents’ Type 1 Diabetes Care Management: Perceptions of Parents and Adolescents  
   Cynthia Schmidt, PhD, RN  
   Objectives: Describe perceptions of teens and adolescents regarding challenges of type 1 diabetes self-management. Identify nurse behaviors/interventions that could facilitate transition from parent management to self-management.

3. Parental Knowledge of Human Papillomavirus (HPV) and the Effect of Education on Intent to Vaccinate Their Children  
   Laura Kubin, PhD, RN, CPN, CHES  
   Objectives: Discuss the importance of HPV-related education with parents of children 18 years and younger. Relate the research findings from this study to the implications it has on the pediatric nurse’s current practice.

One-on-One Publication Sessions  
Saturday, May 1 ......................... 2:00 p.m. – 5:00 p.m.

   Cecily Betz, PhD, RN, FAAN  
   Angela Green, PhD, APN  
   Barbara Velsor-Friedrich, PhD, RN  

The Editor-in-Chief and a member of the Editorial Board of the Journal of Pediatric Nursing will be available for one-on-one sessions to assist potential authors with preparing their articles for journal submission. The Journal of Pediatric Nursing is the official journal of SPN; it has a Clinical Practice column specifically intended for practice-based articles such as case studies and evidence-based approaches to improve practice. The journal publishes research and has a number of other columns of interest to SPN members such as a Hot Topics column, addressing current issues of concern to clinicians, and a Technology column focusing on the application of technology in the clinical setting. If you have an article idea, a draft of an article, or an article near completion, you should consider reserving time to meet with one of the journal editors. For more information or to schedule an appointment, contact Leslie Long at the National Office at 800–723–2902 or 850–494–9467. There are eight one-hour sessions available on a first-come first-served basis. 

No contact hours are provided.
One-on-One Research Sessions

Saturday, May 1 ............................2:00 p.m. – 5:00 p.m.
Joan Austin, DNS, RN, FAAN

Joan Austin will be available for one-on-one sessions to assist anyone who has research and would like to discuss how to further your research. Perhaps you’ve been thinking about beginning a research project but you are not sure how to start. For information or to schedule an appointment, contact Leslie Long at the National Office at 800–723–2902 or 850–494–9467. There are three one-hour sessions available on a first-come, first-served basis.

No contact hours are provided.

Concurrent Session 4

Saturday, May 1 ............................ 3:15 p.m. – 4:15 p.m.
A. An Interdisciplinary Process to Manage Procedural Pain: A Procedural Pain Clinical Practice Guideline
   Cindy Asher, RN, CNS
   Objectives: Discuss the process to establish a team to effect change related to managing procedural pain in children. Review the initial data collection related to changes in practice when managing pediatric patients experiencing procedural pain.

B. Vascular Access Team Takes an Interdisciplinary Approach to Successful Patient Outcomes
   Stephanie Pitts, BSN, RN, CPN
   Objectives: List two administrative components necessary for developing a vascular access team (VAT). Identify three skill sets necessary in your VAT. Identify three program services for a VAT. Give examples of four members of a multidisciplinary VAT. Compare contract equipment and supplies. Discuss case studies on PIV and PICC insertions.

C. When Passions Collide
   Jan Cottrell, MSN, RN
   Beverly Crider
   Objectives: Describe the importance of patient and family/professional collaboration in advancing family-centered care. Articulate barriers to effective collaboration. Describe strategies for maintaining or improving effective partnerships.

D. Nursing Education in the Care of the Child and Adolescent Requiring Inpatient Medical Management for Emotional and Mental Health Conditions
   Louise Quigley, DNP(c), MSN, RN-BC
   Objectives: Discuss two mental health conditions that are frequently seen on an inpatient medical unit. Describe the current treatment plan for mental health patients on a medical unit.

Concurrent Session 5

Saturday, May 1 ............................ 4:30 p.m. – 5:30 p.m.
A. From PEG Tubes to Surgical Js: Strategies for Troubleshooting Enteral Access Devices
   Judith Stellar, MSN, CRNP
   Objectives: Identify the crucial differences between percutaneous and open G tube techniques. List various types of enteral access devices. List strategies for troubleshooting problems related to enteral access devices.

B. Stroke in Children
   Gayle Cochín-Swidler, MS, RN
   Susan Carroll, MS, RN, CNE
   Objectives: Describe the etiology and pathogenesis of stroke in children. Discuss the treatment continuing prevention emergent care, acute care, and rehabilitation. Outline future directions for prevention and research.

C. Nursing’s Not a Small World After All: The Use of Technology to Influence the Work Environment
   Anne Longo, MBA, RN-BC
   Lorna Frank, MSN, RN
   Objectives: Discuss the methods of technology and its influence on skilled communication. Review how technology can be used for just-in-time learning to provide education that results in a healthy work environment.

D. I’m Late, I’m Late, for a Very Important Date! Making the Best Use of Your Time to Achieve Work/Life Balance
   Deborah Leininger, BSN, RN, CPN
   Barb Hensley, MSN, CPNP, RN-BC
   Objectives: Determine work and life priorities in order to...
Educational Sessions

achieve balance. Evaluate effective time management strategies for work and personal life as identified by participants.

E. Promoting Research and Evidence-Based Practice in the Clinical Setting
Angela Green, PhD, APN
Marnita Wade, BS, RNC
Amy Huett, BSN, RN
Liz Walker, BSN, RN
Objectives: Identify effective strategies for promoting research and evidence-based practice in the clinical setting. Identify resources for promoting research and evidence-based practice in the clinical setting.

Breakfast Symposium
Sunday, May 2..............................8:30 a.m. – 10:00 a.m.

Food as a Social Determinant of Well-Being
Gail C. Christopher, DN
Objectives: Identify food systems as an integral part of the well-being continuum for children. Describe the relationship between food behaviors and the environmental and community factors that influence individual and institutional practices. Recognize a food continuum—first food, early food, school food, and community food—to determine opportunities for interventions to improve health outcomes at each level. Associate food as a critical social determinant of health and well-being of children.

General Session 3
Sunday, May 2..............................10:15 a.m. – 11:15 a.m.

Work and Life's Balancing Act
Jackie Gaines, MSN, RN
Objectives: Identify at least two tactics that facilitate a healthy work/life blend. Describe the importance of work/life balance in health care and the potential impact for patients served.

Closing Session
Sunday May 2 .........................11:30 a.m. – 12:30 p.m.

I'm Not Lost, I'm Exploring: An Adventurer's Guide to Change
Jana Stanfield, CLL
Objectives: Name three phrases that have the power to restore an attitude of confidence in times of stress. Practice the essential attitude adjustment that brings a sense of passion and purpose when faced with complicated decisions. Define “difference-makers” as the term applies to a person and the people he/she works with.

Become a CPN® at SPN!

Take the PNCB’s acclaimed Certified Pediatric Nurse (CPN®) Exam at the SPN Conference
Sunday, May 2, 2010
1:00 to 4:30 PM

- Visit www.pncb.org to apply online.
- Deadline for Exam registration is 4/18/10
- Exam cost is $285 and is separate from your conference registration.
- Register in advance as walk-in registration is not available.

Don’t miss this great opportunity to take the Exam in paper-pencil format! To learn more about CPN® certification, visit www.pncb.org.

Hotel
The Hilton in the Walt Disney World® Resort is an official hotel of Walt Disney World in Lake Buena Vista, FL. This official Walt Disney World hotel is only steps away from some of Walt Disney World’s most popular amenities and attractions.

The hotel has valet parking available for $15.00 per night and self-parking for $8.00 per night for hotel guests.

Hilton in the Walt Disney World® Resort
1751 Hotel Plaza Boulevard, Lake Buena Vista, FL 32830
800–782–4414 or 407–827–4000; fax 407–827–3890

Airport
From Orlando International Airport – MCO.
Hotel Directions: Take Beachline Expressway West (528) to I–4 West to Exit 68. Make a right and then at the first light, take a left onto Hotel Plaza Boulevard. Hilton is the fourth hotel on the left side.
This hotel does not provide shuttle service.

Estimated fares (one way):
- bus: $19.00
- taxi: $50.00
- limo: $130.00

Roommate Locator
SPN offers the Roommate Locator Service as a way to reduce your hotel expenses. Just check the appropriate box on the registration form.

Your name, telephone number, address, arrival and departure dates, and smoking preferences will be provided to others who have requested this service. You will receive a list of potential roommates in advance of the meeting.

Use this list of potential roommates to locate a roommate with similar preferences and arrival and departure dates. Once you find a roommate, please contact the SPN National Office to have your information removed from the list.

We strongly recommend that you make a hotel reservation as soon as possible. If a roommate is located and both individuals have reserved a room, one reservation can be cancelled.

Welcome to Lake Buena Vista!
Lake Buena Vista is mostly known as being home to the Walt Disney World Resort, the most visited and largest recreational resort in the world. It contains 4 theme parks, 2 water parks, 23 themed hotels, and numerous shopping, dining, entertainment, and recreation venues. It is also part of Orlando-Kissimmee which has even more to offer. You will find a charming oasis in the middle of everything that is Central Florida, and just minutes south of Orlando, you’ll find many different kinds of fun things within reach. The exhilaration of a rollercoaster ride and the serenity of a lakefront sunset sit just moments away from one another, offering a clear indication that there’s something unique and special about being there.

The greater Orlando area features a unique combination of authentic small-town charm, theme park thrills, outdoor adventures, challenging golf, tranquil beach landscapes, and other vacation ideas that are all waiting for you. It’s a place unlike any other.
Mail this form with payment to SPN National Office, 7794 Grow Drive, Pensacola, FL 32514–7072; or Fax to 850–484–8762 (be sure to include payment information); or Online at www.pedsnurses.org

Call the SPN National Office at 850–494–9467, toll free 800–723–2902 with any questions.

REMEMBER: Please complete both sides of this form!

☐ This is my first SPN Convention.
☐ I am a member of SPN.
☐ I am interested in introducing a speaker or serving as a room monitor in any session for which I am registered. Please contact me if my services are needed.
☐ I am a presenter.

Roommate Locator Service
☐ Help! Please find me a roommate so I can cut my rooming expenses in half at the convention.

See details on page 12.

☐ Smoking ☐ Non-Smoking

Arrival Date__________

Departure Date__________

Registration
The type of registration is determined by the date that the registration is postmarked—in the case of mailing—or received in the National Office—in the case of faxed or phoned registrations.

Registrations postmarked or faxed on or before March 8, 2010, are considered early registrations.

Registrations postmarked or faxed after March 8, 2010, are considered regular registrations.

Registrations postmarked or faxed after March 23, 2010, are considered onsite registrations.

You will receive a confirmation letter about two weeks after receipt of your registration form at the SPN National Office. Confirmation letters will not be sent after March 23, 2010.

Payment
Payment must accompany this registration form. Where appropriate, a copy of a purchase order is sufficient. Registration forms received without payment will not be processed until payment is received.

Fee Section
Registration fees for the full convention include the educational program and food events listed in this brochure. Single-day registration fees include the educational program and food events listed in this brochure for the day the participant is registered. Spouse and guest registration fees include the Opening Reception and Awards Luncheon only.

Registration fees for the full convention and single-day registrations do not include the preconvention workshops. Preconvention workshops are optional educational activities and have a separate fee.

Cancellations and Transfers
Cancellations and transfers must be requested in writing and postmarked or faxed by March 23, 2010. Refunds will be issued following the convention. A $50.00 administrative fee is assessed for such cancellations. If you transfer your registration to another person, please include a completed registration form for that person with your written request. No refunds and transfers after March 23, 2010.

Discounts for Full Convention Registration
Tuition discounts are applied when five or more full convention registrations are received at the same time. If at least five register together, a group discount of $25.00 per person applies. If ten members register together, one free convention registration is allowed. All registrations and payments must be received at the SPN National Office together to receive discounted rates. Only a single discount applies in any case. No exceptions!
Please indicate which Concurrent Sessions you are interested in attending. This information will be used only to assign each speaker to an appropriately sized room. Please check one session letter for each column.

Special Events

**SPN Research Raffle**

As in years past, a raffle will take place at this year’s convention to benefit the Corinne Barnes Research Fund. Please consider donating an item to represent a chapter, region, or the pediatric nursing profession. Items donated for the raffle can be art, publications, jewelry, stationery, gift baskets, or even your own handiwork. Tickets will be available for sale throughout the convention.

**Community Service Project for Covenant Kid’s Manor, Inc.**

SPN will be participating in a community service project as part of its initiative for children. This year we are collecting donations for a community organization, Covenant Kid’s Manor, Inc., whose motto is “Our Hearts Are For Kids.” Your donation will help foster children age 6–17 who come from abuse, abandonment, or neglect. If you would like to donate, feel free to bring a gift card (Visa, Wal-Mart, or Target) or a monetary donation. Donations may be brought to the registration area at the national convention. Visit www.kidsmanor.org for more information about this organization.

**Barbara A. Larson Memorial Fun Run/Walk**

**Saturday, May 1 ...................... 6:00 a.m. – 7:00 a.m.**

The Barbara A. Larson Memorial Fun Run/Walk benefits the Barbara A. Larson Memorial Scholarship Fund. Your $25.00 donation includes participation, T-shirt, and a Barbara A. Larson ribbon. Tie on your running/walking shoes and join SPN for this 2-mile run/walk, get some exercise, and support the scholarship fund.

Register for the Barbara A. Larson Memorial Fun Run/Walk on the registration form on page 14.
